

DETAILED SELECTION INFORMATION

Senior Paralympic European Championships 2026

Munich, Germany – 12th – 14th May 2026

This document, **which is to be read in conjunction with the document entitled General Selection Procedure**, contains details of particular performances which will be considered during selection for the event named above, and the deadline for each step in the selection process to which this document relates.

Event Selection Objective(s): The main focus of the Selection Panel for the Senior Paralympic European Championships is to select a team with the best chance of winning the best set of medals for Great Britain Taekwondo, however the panel will also consider the selection of athletes that are on a positive performance trajectory and would benefit from the experience of competing at this level.

The Selection Panel will take into account performances at the events listed below. These events are categorised in columns A, B or C (A being the most relevant and C being the least) corresponding with the likely importance to the Selection Panel when considering final selection of the team for this event. Please note, however, that the Selection Panel is obliged to consider other relevant factors as set out in the General Selection Procedure and performances in the events listed below will not, in themselves, guarantee selection.
